

Orange County Agricultural Commissioner and Sealer of Weights and Measures

PEST CONTROL BUSINESS 2024 REGISTRATION NOTICE

Dear Pest Control Business Operator,

This letter is to inform you that the registration allowing your Pest Control Business to conduct operations in Orange County will expire on December 31, 2023. You **must register prior to performing any pest control activities**, in order to continue doing business in Orange County during the 2024 calendar year. ***It is unlawful to perform pest control work in Orange County without first registering with the County Agricultural Commissioner.*** Please mail-in or walk-in all completed forms provided to complete your registration.

DOCUMENTS REQUIRED FOR REGISTRATION

- 1. **Completed** Pest Control Business registration form (enclosed). Remember to include the QAL's signature.
- 2. A copy of your company's Pest Control Business License from the California Department of Pesticide Regulation **with an expiration year of 2024 or later.**
- 3. A copy of your Qualified Applicator License card with an expiration year of 2024 or later.
- 4. **\$103.00 registration fee (cash, check or money order) payable to: Orange County Treasurer. Do not mail cash.**
- 5. Completed Pest Control Equipment Registration form (enclosed).

Please mail-in or walk-in your completed registration packet to the address below:

**ORANGE COUNTY AGRICULTURAL COMMISSIONER
222 EAST BRISTOL LANE
ORANGE, CA 92865-2714**

If you need a **Restricted Materials Permit**, do the following in addition to the above:

- Call (714) 955-0100 to make an appointment with an inspector and receive permit application forms.
- Complete and submit the Restricted Materials Permit Application.
- If you are headquartered outside of Orange County, submit a copy of your 2024 Restricted Materials Permit issued by your home county.
- **Restricted Material Permits will not be issued electronically or by mail.**

Take Advantage of [CalAgPermits.org](https://www.calagpermits.org)

- ✓ **Easily submit your Monthly Pesticide Use Reports Online!**

Notice of Upcoming Regulatory Changes

11/1/2023

Two California legislative bills concerning pesticide use were recently signed into law that may impact the operations of pest control businesses performing work in Orange County.

Rodenticide Law Update—Food and Agricultural Code (FAC) Section 12978.7

Assembly Bill No. 1322

Effective January 1, 2024, FAC 12978.7 is amended to limit most uses of pesticide products containing **diphacinone**. FAC 12978.7 already limits most uses of second-generation anticoagulant rodenticides (**brodifacoum, bromadiolone, difenacoum, and difethialone**). In addition, diphacinone shall be considered a restricted material.

Prohibited uses include residential or home uses and most industrial and institutional uses. For example, prohibited uses include, use in and around restaurants (that do not have an attached brewery or winery), grocery stores, airports, offices, construction sites, transport vehicles (e.g. ships, trains, aircraft), ports and terminal buildings, shipyards, timber yards, schools, shopping malls, sewers, and sewage treatment plants. Many non-production agricultural uses are also prohibited (such as use around man-made structures at cemeteries, golf courses, and parks).

Insecticide Law Update—FAC Section 12838

Assembly Bill No. 363

Beginning January 1, 2025, a person shall not sell, possess, or use a pesticide containing one or more neonicotinoid pesticides for any use that is excluded from the definition of “agricultural use” in FAC Section 11408 on nonproduction outdoor ornamental plants, trees, or turf, with the exception of use and possession by state certified applicators and sale by state licensed pest control dealers.

“Neonicotinoid pesticide” means a pesticide containing **acetamiprid, clothianidin, dinotefuran, imidacloprid, thiamethoxam**, or any other chemical designated by the department as belonging to the neonicotinoid class of chemicals.

If you need further assistance, please contact our office at (714) 955-0100.
