

Orange County Agricultural Commissioner and Sealer of Weights and Measures

MAINTENANCE GARDENER PEST CONTROL BUSINESS 2025 REGISTRATION NOTICE

Dear Maintenance Gardener Pest Control Business Operator,

This letter is to inform you that the registration allowing your Maintenance Gardener Pest Control Business to conduct operations in Orange County will expire on December 31, 2024. You **must register prior to performing any pest control activities associated with your Maintenance Gardener Pest Control Business License** in the 2025 calendar year. ***It is unlawful to perform pesticide related work in Orange County without first registering with the County Agricultural Commissioner.*** Please mail-in or walk-in all completed forms for your registration.

DOCUMENTS REQUIRED FOR REGISTRATION

- 1. **Completed** Maintenance Gardener Pest Control Business registration forms (enclosed).
- 2. A copy of your company's Maintenance Gardener Pest Control Business License from the California Department of Pesticide Regulation **with an expiration year of 2025 or later.**
- 3. A copy of your Qualified Applicator Certificate (QAC) (Category Q or B) or Qualified Applicator License (QAL) (Category B) with an expiration year of 2025 or later. Remember to include the QAC or QAL signature on the form.
- 4. Completed Pest Control Equipment Registration form (enclosed).
- 5. **\$25.00 registration fee (cash, check or money order) payable to: Orange County Treasurer. Do not mail cash.**

Please mail-in or walk-in your completed registration packet to the address below:

**ORANGE COUNTY AGRICULTURAL COMMISSIONER
222 EAST BRISTOL LANE
ORANGE, CA 92865-2714**

Notice of Recent and Upcoming Regulatory Changes

10/1/2024

Recent California Legislative Bills and California Code of Regulation may impact the operations of pest control businesses performing work in California.

Neonicotinoids for Non-agricultural Use Law Update—FAC Section 12838

Assembly Bill No. 363

Beginning January 1, 2025, a person shall not sell, possess, or use a pesticide containing one or more neonicotinoid pesticides for any use on nonproduction outdoor ornamental plants, trees, or turf; with the exception of use and possession by state certified applicators and sale by state licensed pest control dealers.

“Neonicotinoid pesticide” means a pesticide containing **acetamiprid, clothianidin, dinotefuran, imidacloprid, thiamethoxam**, or any other chemical designated by the department as belonging to the neonicotinoid class of chemicals.

Handler Training Regulation Update—Title 3 California Code of Regulations (CCR) Section 6724

Effective January 1, 2024, the Pesticide Handler Training Program has been updated with new requirements, which includes training on how to identify when a product is a federal or California restricted material and documentation of training on safe operation of pesticide use equipment.

Training is to be held in a location reasonably free from distraction and the trainer must be present for the entire training and respond to employee questions. Training records are required to include the trainer’s name, source material, and, for employees handling restricted materials, include the trainer’s qualifications.

New training form templates, which are compliant with the updated recordkeeping requirements, are available on the California Department of Pesticide Regulation (DPR) website (search for enforcement letter “ENF 23-20”). A letter summarizing the changes to the handler training regulation can also be found on the DPR website (search for “WHS 23-01”). <https://www.cdpr.ca.gov>

If you need further assistance, please contact our office at (714) 955-0100.
